Attachments:	 adding new starship bug.png
Rank:	0 i00027:
Start date:	13/Aug/25

Description

Precondition:

1. User is logged in

2. User is on the 'Starships' page

Environment:

OS: Windows 11 Pro

Browser: Google Chrome 138.0.7204.184 Version

URL: <https://oort.qahacking.ru/zvezdoljoty/>

STR:

1. Scroll down to the 'Adding new starship' form

2. Enter 'Orion' in the 'Name' field, '15000' in the 'Payload capacity' field, '120000' in the 'Flight Range' field

3. Click the 'Add Spaceship' button

Expected Result:

1. The form fields "Name", "Payload Capacity (kg)", and "Flight Range (km)" and the "Add Spaceship" button are visible.

2. The inserted data is displayed in the input fields.

3. A success message is displayed, and the table updates with a new row containing the spaceship Orion with payload capacity 15000 and flight range 120 000 km.

Actual Result:

1. The form fields "Name", "Payload Capacity (kg)", and "Flight Range (km)" and the "Add Spaceship" button are visible.

2. The inserted data is displayed in the input fields.

3. Red field pops up and no information about new starship is not saved in the table above.

[SP-2] [FE] Error message "Page loading error" appears after page refresh and disappears after a few seconds
